# DEPED'S MONTH-LONG ENROLLMENT STARTS JUNE 1

MANILA – The Department of Education (DepEd) on Monday started its month-long enrollment in public schools nationwide.

DepEd Undersecretary Nepomuceno Malaluan said the enrollment coincides with the start of

Brigada Eskwela (BE) and Oplan Balik Es-wela (OBE).  
"Nagkaroon ng early registration ng bandang Enero pero minarapat natin magkaroon ng revalidation and reconfirmation dahil iba ang sitwasyon ngayon (In

January, there had been an early registration but we decided on having a revalidation and reconfirmation because the situation is different now)," Malaluan said during the BE and OBE national virtual kick-off.

Remote enrollment is allowed, from June 1-15. In the absence of physical enrollment, class advis-

## REMDESIVIR, aprubado na ng Taiwan bilang gamot sa Covid-19

**I**naprubahan na ng Taiwan government nitong Sabado ang remdesivir na gawa ng Gilead Sciences bilang gamot sa coronavirus disease (COVID-19).

Ang nasabing gamot ay inaprubahan din ng U.S. regulators ngayong buwan para sa emergency use. Sabi ng Gilead, ito ay magdodotate ng 1.5 million doses ng remdesivir, sapat para makapanggamot ng 140,000 na pasyente mula sa sakit.

Ayon sa Central Epi-

demic Command Centre ng Taiwan, binigyang pagkilala ng Taiwan Food and Drug Administration ang bisa nito na sinuportahan ng mga preliminary evidence at gayundin ang paggamit ng ibang mga bansa dito.

Ayon pa sa ahensiya, naipasa ng remdesivir ang mga kundisyon upang maaprubahan ito na maging lunas sa mga "severe" cases ng COVID-19.

Naitala ng Taiwan ang 442 cases sa buong bansa, at mula dito ay tanging 7 lamang ang

pumanaw. Ang karamihan ay gumaling na at nasa 14 na lamang ang active cases.

Wala pang aprubadong medikasyon o bakuna para sa COVID-19, ngunit ang mga EU countries ay sinimulan ng gamitin ang remdesivir sa mga pasyente sa ilalim ng maingat na panuntunan.

Ang Japan at United Kingdom ay pinayagan na din ang paggamit sa remdesivir at inumpisahan nang ibigay ito sa mga pasyente.

**L**aking pasalamat ng mga may sakit na hika nang magkaloob ng Nebulizer ang Scene of the Crime Operatives (SOCO) Imus at Team Leader nito sa Barangay Tirona, General Mariano Alvarez GMA, Cavite.

Sa pahayag ni Maj Oliver Detchitan ng SOCO-Imus at Team Leader, 10 nebulizer na nagkakahalaga ng mahigit P10K ang ibinigay ng kanilang grupo sa mga residente ng Barangay Tirona sa Gen

Mariano Alvarez (GMA), Cavite na dumaranas ng hika.

Napag alaman na ang pamimigay ng mga nebulizer sa mga may sakit ng hika ay isa sa programa ng nasabing barangay sa pamumuno ni Brgy Chairman Dennis Ayala subalit sa dami ng mga nangangailangan nitong panahon ng pandemic ay nasira ang mga ito.

Ayon namani kay LtCol Jericho Cordero, Hepe ng SOCO na bukod sa nebulizer namigay din ang kanyang grupo

ng mga libro na ilalagay sa mini library ng barangay na maaring hiram ng mga kabataan upang basahin lalo sa panahon ng quarantine.

Kasabay rin na ipinamigay ng SOCO-Imus ay mga alcohol, face mask at iba pang mga pangangailangan sa Philippine General Hospital (PGH) at may scholarship program din sila sa anak ng namatay nilang striker.

Kasama rin ng SOCO-Imus sa kanilang mga programa ang Gamma Epsilon Fraternity. (MARGIE BAUTISTA)

## Mayor Gemma Lubigan offers free consultation for kids with special needs

**T**rece Martires, Cavite Mayor Gemma Lubigan is offering free consultation for children with special needs to ensure they're taken care of amid the COVID-19 pandemic.

In a Facebook post of Mayor Gemma Lubigan fb page, Lubigan provided the contact details of the person whom parents can contact for the free consultation.

She said the service, which is available only on Wednesday and Friday, is conducted in partnership with the ELAD School of Potentials.

Lubigan said the needs of special children should be addressed even if the public is experiencing difficulties amid the COVID-19 pandemic.

"If every child matters, every child has the right to a good start in life. If every child matters, every child has the right to be included. And that is so important for children with special needs," she said. ###

**M**uli ay nakatanggap ng mga personal protective equipment (PPE) ang lalawigan ng Laguna, partikular na sa unang distrito sa Santa Rosa City, Binan City at San Pedro City, mula kay PITC President and CEO Usec Dave Almarinez at 1st District Board

Member, Bocal Abigail Alonte.

Ang mga protective gear ay tinanggap ng mga namumunong mayor ng 3 lungsod mula sa Santa Rosa na si Mayor Arlene Arcillas, lungsod ng Binan kay Mayor Arman Dimaguila at San Pedro City Mayor Lourdes Cataquiz.

Matatandaang kamakailan ay sa lungsod ng San Pablo at bayan ng Sta Cruz ang nabiyayaan din ng katulad na mga protective Gear mula rin kay Usec Almarinez.

Tinanggap ng mga nasabing opisyal ang Coverall suits, Googles, N95 Face masks, Face Shields, medical gown, latex gloves, head cover, shoe cover at N88 surgical mask, na kung saan may mataas na kalidad ang mga ito.

Lubos naman ang pasalamat ng mga nakatanggap na opisyal ng bawat lungsod na ayon sa kanila ay malaking tulong ang mga PPE na ibinahagi ni Usec Dave Almarinez para sa kanilang mga front liners, na kung saan ay magiging safe ang mga health workers.

Nasabi naman ni Almarinez na ibinabahagi niya ang mga PPE para sa kanyang mga kababayan upang makatulong sa mga taga Laguna sapagkat siya ay nag mula sa naturang lalawigan. (RMM)

# Simple ceremonies to celebrate the National Flag Day amid the pandemic

**I**MUS CITY, Cavite -- This year's celebration of the National Flag Day which commemorates the 122nd year the Philippine Flag was first unfurled May 28, 1898 was both somber and solemn with its simplicity.

The annual event was held at the Pamansang Dambana ng Watawat (Imus Heritage Park) at Barangay Alapan II-B with the simple ceremonies led by Mayor Emmanuel L. Maliksi, Vice-Mayor Ony Cantimbuhan together with representatives of the National Historical Commission of the Philippines, and personnel of the Imus Philippine National Police (PNP), Bureau of Fire Protection (BFP), City of Health Office, and employees of the city government.

During the program, the city's hardworking and brave frontliners were honored and recognized for their tireless dedication to their jobs of saving lives and helping others especially during this time of the COVID-19 pandemic.

Just like the heroes of the Philippine Revolutionary Army who fought for the country's freedom from the Span-

ish forces, our frontliners are also fighting for the freedom that the corona virus had suppressed so abruptly.

Mayor Maliksi said in his speech, "Every Filipino is encouraged to display the Philippine flag in all government buildings, offices, schools, and homes during this period. Let us fly our flags proudly this year not only for the heroes who sacrificed their lives in the past, but also for our modern-day heroes, the frontliners who battle COVID-19 day in and day out."

Meanwhile, the event also gave way to the blessing of the Inang Laya Monument which is scheduled for unveiling next year, and a small exhibit showing the perspective of the Imus Heritage Park, that is truly a legacy in the making.

On May 23, 1994, Executive Order No. 79 was issued to extend the period of celebrating National Flag Day from May 28 to June 12, Independence Day, thus the city of Imus has two-weeks of activities-filled celebration known as the Wagayway Festival. ers of learners from the previous school year would coordinate with the learners or their parents, Malaluan said.

Earlier the DepEd, in its Department Order No. 008, said physical enrollment would be allowed in the third week of June, if needed and properly coordinated with the school's local government unit.

"Mayroong survey na gagawin kasabay ng enrollment, upang malaman ang kalagayan ng mag-aaral at ng kanyang tahanan, para mag-ing gabay kung anong angkop na (There's a survey during the enrollment which aims to know the situation of the learners in their homes, this [survey] will be used as guide for the) learning modality [that would fit them]," Malaluan

said.

Students, either incoming or transferees from private schools whose data or information are not yet part of the DepEd's database, are advised to contact the department's hotline numbers.

The department has drafted the Basic Education-Learning Continuity Plan (BE-LCP) which would serve as guide of schools in the delivery of education amid the Covid-19 health crisis.

The plan presents the learning modalities where blended or distance learning is a big part; schools' and parents' preparation for blended or distance learning; and preparation of required health standards if face-to-face classes would be allowed.

"Isa sa mahahalagang bahagi ng planong ito ay pagsuring muli ng kabuuang K to 12 curriculum upang tukuyin ang Most Essential Learning Competencies [MELCs]. Mula sa 14,171 na learning competencies o kaaalaman at kakayahang dapat matutunan sa lahat ng antas at learning areas, ay nababa sa 5,689 MELCs, o pagbawas ng (One important part of this plan is the review of the whole K to 12 curriculum to determine the MELCS. From 14,171 learning competencies or knowledge and learning skill at all levels and learning areas, they have been reduced to 5,689 MELCs, or reduction by) 60 percent," Malaluan said.

Earlier, DepEd Secretary Leonor Briones said that apart

from the online platform DepEd Commons, blended or

distance learning may be delivered through printed modules, ra-

dio, television and other learning systems. (PNA)

# Hontiveros urges OWWA: Address food, health needs of OFWs awaiting transport to their provinces

*Gov't must closely coordinate OFW repatriation efforts in airports, quarantine centers, senator says*

**S**enator Risa Hontiveros today urged the Overseas Workers Welfare Administration (OWWA) to immediately address the food and health needs of Overseas Filipino Workers (OFWs) waiting for their flights back to their home provinces, after reports showed that many OFWs stuck at the Ninoy Aquino International Airport (NAIA) were not provided with food, water and other basic services.

"Our Overseas Filipino Workers, as modern-day heroes, deserve to be treated better. Huwag naman sana hayaan ng pamahalaan na pagkatapos ng kalbaryo sa mandatory quarantine, ay maharap pa sa gutom, pagod at buong araw na pila ang mga OFW para

lang makauwi sila sa kanilang mga pamilya," she said.

Hontiveros made her call after a number of OFWs complained about the lack of assistance of OWWA and other government agencies to OFWs forced to wait for long hours at the NAIA Terminal 2 just to fly home to their provinces. The OFWs, who have finished weeks of mandatory quarantine upon returning to the country, were not provided ample meals or water, and were stationed in hot, uncomfortable areas in the airport as they waited for nearly 24 hours for available flights. A female OFW even reportedly collapsed while at the terminal, due to heat, hunger and exhaustion.

She said that OWWA and other agen-

cies handling the transport of OFWs under the 'Balik Probinsiya' program should closely coordinate with airport officials to provide for the basic needs of OFWs now being dropped off at NAIA and other airports for their flights. "Naiintindihan natin na medyo limitado ang mga flights ngayon kaya may congestion, pero siguro naman ay kaya ng OWWA na magorganisa ng pagbigay ng sapat na

pagkain at tubig para sa mga OFW habang sila ay naghihintay sa paliparan," she said.

She added that the Department of Health and other agencies should ensure that vulnerable passengers like the elderly, pregnant women, and newly-born children will have separate holding areas to better protect them from health risks, as she noted that some pregnant OFWs have

Senator Risa Hontiveros

lined up in the airport despite the danger posed to their health.

Citing the Department of Labor and Employment (DOLE)'s

recent recommendations, Hontiveros said that government should immediately review the capacity of NAIA Ter-

Nakiusap si Remulla na huwag daanin sa pagkapilosopo ang sistema. Wika niya, dapat sundin muna ang patakaran, at maaari pang mabago ang panuntunan kung kakailanganin.

"Paalala- either a, b, or c ang pwedeng pagpilian. Halimbawa, hindi pwede bumili ng 1 liter ng empi-light at 4 na beer. Muli, either a or b or c lamang," paalala niya.

Mahigpit na ipinagbigay alam ni Remulla na sa loob lamang ng bahay ang papayagang pag-inom ng alak, malayo sa mata ng publiko at ng awtoridad.

"Bawal ang inuman sa labas ng bahayan o plain sight ng persons of authority. Huwag na naman sabihin na "Bahay ko, pwede ko gawin ang gusto ko." 'Pag sa loob ng bahay ay wala kaming pakialam. Huwag lamang in public view," aniya.

Ipinaalala din niya na ang pagkalasing sa lansangan ay mapapatawan ng kapurasahan.

Diin niya, "Bawal ang public intoxication. Pag kayo ay naglalakad sa kalye ay Amoy chiko kayo ay tepok kayo sa batas."

Nananatili pa din ang panuntunan sa pagbabawal sa karaoke, mass gatherings at pati na din ang curfew hours na 8pm-5am.

"Parehong nabili at nagbebenta ay babantayan. Muli, huwag ninoy subukan laruin ang sistema. Mababa ang pasensya ko sa matigas ang ulo. Palibhasa ubod ng tigas ng ulo ko nung itim pa buhok ko," babala ni Remulla. (gocavite)

multipurpose van of the Philippine Coast Guard from Southern Tagalog District encountered an accident caused by a tire explosion along STAR Tollway in Ibaan, Batangas.

Said vehicle was on its way from the PCG District - Southern Tagalog in Sta. Clara, Batangas to the Ninoy Aquino International Airport to extend assistance to the nationwide "Bayanihan Repatriation" program for overseas Filipino workers, Filipino seafarers, and returning Filipinos.

Of its seven PCG frontline personnel aboard, one was declared dead on arrival at the Batangas Healthcare

Specialists Medical Center. He was identified as Apprentice Seaman (ASN) Cenen Epetito.

Another member of the troop, ASN Adrian Añonuevo sustained minor hematoma and remains under intensive medical supervision.

The rest of the troop to include Seaman Second Class (SN2) Pacifico Casipi, SN2 Erdie Rojas, ASN Rouin Alvarez, ASN John

Kristopher Mojica, and Candidate Coast Guard Man (CCGM) McLester Saguid were conscious and coherent when they arrived at the hospital.

All underwent X-ray, CT scan, and suture, and remain under hospital confinement until they are declared in good physical condition.

The Phil Coast Guard extends necessary assistance to the bereaved family of Epetito who

selflessly fought the battle for public health and safety amid COVID-19 pandemic.

As to the survivors, the Command assures that they will receive all needed medical treatment until they regain their strength to perform their call of duty again - which is to serve the nation and uphold the welfare of the Filipino people.

# DOH CALABARZON STRENGTHENS OWN HEALTH SYSTEM TO FIGHT DISEASES BEYOND COVID PANDEMIC

**T**he Department of Health (DOH)-CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon) has been strengthening its health system by establishing more health facilities and developing and upgrading existing hospitals including competencies of health care work-

ers in the region not only to fight the current COVID 19 virus but also to fight diseases beyond the present pandemic.

"As part of the "new normal", a health system must be ready to fight any epidemic that may occur such as the present COVID 19 pandemic or any other diseases that may endanger the health of the community," Regional Director Eduardo C. Janairo strongly stated.

"We now have two regional hospitals that can serve people from various municipalities of the region, the Batangas Medical Center in Batangas and the Southern Tagalog Regional Hospital in Cavite, two specimen testing laboratories in the region at the Lucena United Doctors General Hospital in Quezon and the De La Salle Medical Health and Sciences Institute in Cavite."

Janairo added that the regional office is in the process of utilizing other health facilities in other provinces to further improve their health services.

CALABARZON is the region has a population of about 15 million people. "We have to safeguard and protect the health and welfare of these people and at the same time, we want

the region to be independent from Metro Manila in terms of medical services. This is also the best way to decongest hospitals in NCR because once we have a level 2 or 3 hospital in every province, residence need not go to Manila to get their treatment," he emphasized.

Janairo added that the regional office is in the process of procuring GeneXpert machines for covid19 virus testing to be distributed in identified health facilities in various provinces. These machines are actually initially intended to be used for testing tuberculosis. He explained that the GeneXpert analyzes TB by detecting the presence of TB bacteria, as well as testing for resistance to the drug Rifampicin.

"He also bares plan for a disease testing laboratory which is now in the process of development and will be established in one of the provinces. "Laboratory medicine is an essential part of public health and it is a must for the detection of disease in individuals and populations. We can prevent the spread of any disease, from its early detection and diagnosis, to individualized treatment plans. It is the key to improving healthcare quality and avoiding long-term health costs."

"We need to plan beyond the COVID pandemic. We have to know how to protect ourselves and our communities. We need to have a successful response capability system and a capable emergency management structures that is in place and ready to use in case of any biological and other natural health hazards that may occur," he concluded.

# DTI 4-A's SSF-assisted coop runs 1st eco-friendly PUVs in Cavite

MIA CORTEZ

In line with the Public Utility Vehicle Modernization Program (PUVMP) of the Department of Transportation to make the country's public transportation system efficient and environment-friendly by 2020, a beneficiary of the Department of Trade and Industry Region 4-A's Shared Service Facilities Program—the Silang Transport Service and Development Cooperative (STSDC)—introduced their 23 new and modernized units of PUV to provide service in Imus City and Silang, Cavite last May 21, 2020.

Through the financial assistance of the Department of Budget and Management and the effort of STSDC's Manager, Mr. Sulpicio Arellano,

the Cooperative has successfully paved the way to offer and run the first eco-friendly and conducive PUV in the province. They demonstrated their readiness to serve

the public by observing social distancing and other health protocols with their passengers.

According to STSDC, this is their answer to the government's

call for an eco-friendly transportation system and the LGUs' call to service commuters plying from Silang to Imus and Silang to Tagaytay and vice-versa. Routes will be stretched once the new normal is in place in the province.

Established in 1991, fifteen individuals from different transport associations in Silang joined

and worked for the registration of the STSDC. They started their business and services to members by applying passenger utilities jeepney franchise from the Land Transportation Franchising and Regulatory Board.

In 2013, the DTI 4-A through its SSF program awarded the STSDC with equipment such as a hydraulic pipe bender, universal sheet bender, sheet metal cutter, acetylene torch, and welding machine for body fabrication and repair. Thus, Cooperative was able to increase its services to the members on repairs up to 15%, assemble additional cooperative owned unit, and increase motor shop income to 10%, greatly improving their production and capacity to

address the needs of its members. Through the SSF, members and member-drivers will continue to use the equipment to their modernized PUVs in terms of maintenance and repair.

Presently, the Cooperative has 174 member operators.

“We would like to congratulate the STSDC for this achievement! You have proven that there are, indeed, many ways to thrive amidst this pandemic through a sheer amount of perseverance, optimism, and determination. We really believe that through the relentless effort and convergence of the government and the private sector, we will be able to survive in this crisis,” said DTI CALABARZON Director Marilou Q. Toledo.
