Naglabas ng mga inasahan ng saloobin si Cavite Governor Jonvic Remulla patungkol sa isyu ng PhilHealth sa kaniyang Facebook page nitong Huwebes, Agosto 20, 2020. Ayon dito, ang PhilHealth ang isa sa mga Pilipino lalo na ngayong panahon ng pandemiya kung saan nasa 46% o aabot sa 27.3 milyong Pilipino ang nawalan ng trabaho. "Now that

Palace nixes proposed PhilHealth privatization

MANILA – Malacañang rejected Thursday the proposed privatization of the Philippine Health Insurance Corp. (PhilHealth) amid allegations of corruption within the state-run insurer.

Presidential Spokesperson Harry Roque said a House bill allowing President Rodrigo Duterte to privatize PhilHealth would defeat the state insurer's purpose of providing affordable and accessible health care services to all Filipino citizens.

"Kaya po iyan (PhilHealth) nasa ilalim ng gobyerno dahil ang pagbigay po ng kalusugan ay isang karapatan ng taumbayan at obligasyon ng estado (The reason why it's under the government is to ensure that the public's right to health is protected and the state's obligation is fulfilled),"

Roque said in a virtual press conference.

On Wednesday, Marikina City Rep. Stella Quimbo filed House Bill (HB) 7429, or the proposed Social Health Insurance Crisis Act, as the government-owned insurance firm faces a slew of investigations for supposed massive corruption involving its officials and personnel.

HB 7429 authorizes the President to revamp the executive leadership of PhilHealth by privatizing any or all segments of the agency, if necessary, to make it more effective to address the social health insurance crisis.

Under the measure, the President is allowed to abolish or create offices, transfer functions, institute drastic cost-cutting, and take other measures to reorganize PhilHealth.

Roque, author of the Universal Health Care (UHC) Law when he was a party-list rep-

resentative during the 17th Congress, believed otherwise, saying it would be difficult for Filipinos, especially the poor, to access quality and affordable health care services.

"Kapag binigay po iyan sa private na mga kumpanya, insurance po iyan (It will turn into an insurance firm that will be controlled by private firms)," he said. "Talagang ang mga mahihirap, hindi po kayang bayaran ang pagpapagamot dahil wala po silang mga insurance (The poor could no longer afford to buy medicines because they don't have insurance)."

The UHC Law or Republic Act 11223 signed into law by President Rodrigo Duterte on February 20, 2019 seeks to protect and promote Filipinos' right to health by automatically enrolling them in the government's health insurance program.

PhilHealth is tasked to lead the implementa-

tion of RA 11223.

However, PhilHealth is subject to ongoing investigations due to supposed widespread corruption and irregularities committed by the agency's top officials and employees.

On Aug. 7, Duterte ordered the Department of Justice to lead the task force mandated to conduct a probe against PhilHealth.

Other members of the task force include the Office of the Om-

budsman, Commission on Audit, Civil Service Commission, the Office of the Executive Secretary, the Presidential Anti-Corruption Commission, and the Office of the Special Assistant to the President.

Roque said Duterte is optimistic that criminal charges will be filed against PhilHealth personnel who will be found to be involved in corrupt activities.

"Kampante po si Presidente na given the

composition and the integrity of the individuals behind the task force, lahat po ng may sala ay hindi lang masususpend kundi madi-dismiss at makakasuhan ng kasong criminal (The President is confident that given the composition and the integrity of the individuals behind the task force, all offenders will not just be suspended but will also be dismissed and will face criminal charges)," he said. "Talagang kalimitan po ngayon, siguro almost 85% (ng nagpositibo sa lungsod) ay galing po sa technoparks sa mga pabrika kaya with the help of our Governor ay nagkasundo kami na magpasara muna ng isang kumpanya sa technopark dahil mataas ang percentage ng bilang nila," paliwanag ni Mayor Dimaguila.

Aniya, nagkaroon ng biglang pagtaas sa bilang ng kumpirmadong

kaso ng COVID-19 sa kanilang lungsod matapos magbalik operasyon ng ilang mga manufacturing companies nang ibaba ang restriksyon sa buong lalawigan ng Laguna.

Bunsod nito ay nagsagawa ng kaukulang hakbang ang pamahalaang lungsod gaya ng pagsasara ng mga apektadong kumpanya, pagsasagawa ng disinfection at paglalabas ng kautusan kaugnay ng istriktong pagpapatupad ng minimum health

standards.

Ayon kay Mayor Dimaguila, kasama rito ang pagbabalik sa 50 porsiyento ng mga maaari lamang pumasok sa trabaho upang matiyak ang social distancing.

"Mayroong ginagawa ang mga companies na mass testing tapos tayo naman ay kasama po tayo rito dahil right then and there ay sinasabayan na rin po natin ng contact tracing tapos inoffer natin ang ating isolation facilities."

Philippines is the 4th Healthiest Market

A.S. WATSON GROUP'S GLOBAL SURVEY: SMILING MAKES PEOPLE HAPPIER

KAREN CHRISTINE H. TIQUI

Need some health information? Go to your Watsons pharmacist. Watsons Philippines has a strong network of 1,436 pharmacists nationwide. They are professionally trained on healthcare and a reliable source of opinion to alleviate pressure on public health system.

The Philippines ranked 4th in the World Health Index, a ranking of healthiest and least healthy markets across the globe that was revealed during the recent global health survey commissioned by the A.S. Watson Group, the world's largest international health and beauty retailer. Over 5,500 consumers across 10 markets in Asia and Europe aged 15-60 participated in the

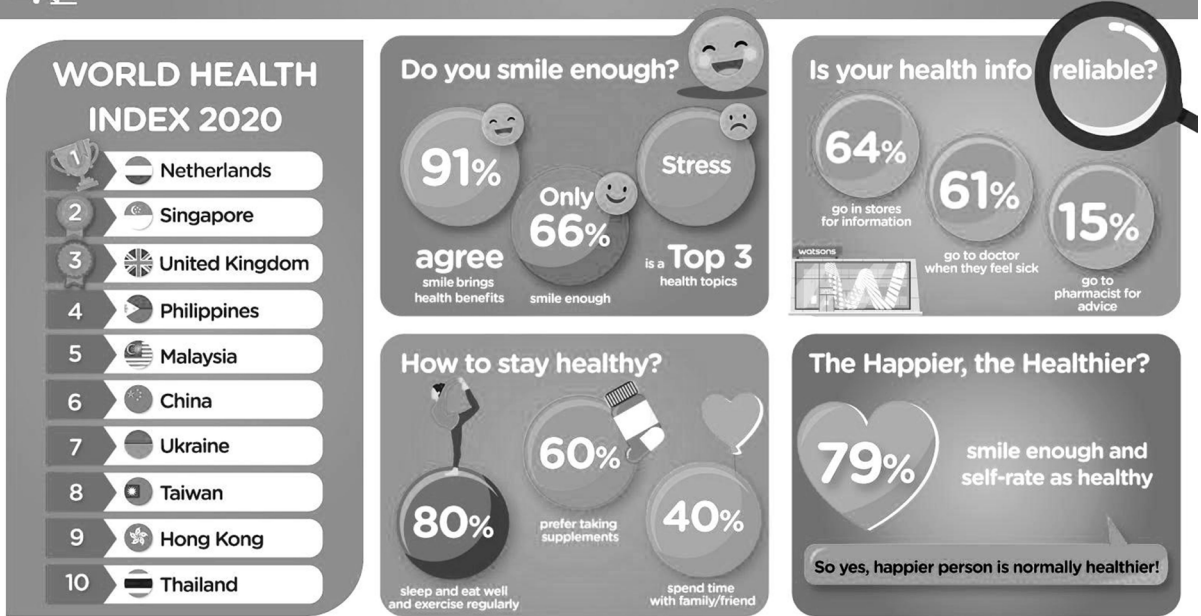

survey from November to December last year to share their thoughts on a wide range of health topics.

The Netherlands topped the healthiest market list, followed by Singapore, the United Kingdom, the Philippines, Malaysia, Mainland China, Ukraine, Taiwan, Hong Kong, and Thailand.

Other takeaways of the survey:

- Happier People are Healthier. 91% of the respondents

The World Health Index 2020 in the A.S. Watson Global Survey shows the Philippines as the fourth healthiest market.

believe that smiling and laughing have a lot of health benefits. Yet only 66% smile enough due to stress. By generation, Gen Z smiles more and are happier than the more mature groups including Gen Y, Gen X, and Boomers. And Gen Z tends to consider

themselves as healthy.

Family and Health are by far the Most Important Aspects of Life. When it comes to ranking the importance of life aspects, Family (87%) and Health (84%) top the list, with Wealth and Love (33% and 32%) in the third and fourth with a wide gap.

Malina Ngai, Group COO of the A.S. Watson Group and CEO of A.S. Watson Asia and Europe believes that "if the survey was being conducted two months later in February this year, I am sure this result will even be more pronounced with people putting family and health at the very top priority in life."

Credible Information Matters. As fake news and information flood the internet and social media, consumers nowadays tend to seek health information from credible sources. The research revealed 61% still commonly see a doctor when feeling unwell and 43% go in store to get OTC medication. Yet only 15% of respondents turn to pharmacists for

advice.

The A.S. Watson Group believes that more and more people will seek for the help of pharmacists as they are reliable, professional, and easily accessible. Watsons Philippines has a strong network of 1,436 pharmacists nationwide. More than just dispensing medicines, the pharmacists are patient advocates ensuring that the right medication is given through review, implementation of prescription, and detection of therapeutic incompatibilities.

How to Stay Healthy. To lead a healthier lifestyle, over 80% of the respondents believe that enough sleep, a healthy diet, and regular exercise can keep them healthy. But 40% of them fail to do so. More and more people (60%) are interested in taking vitamins and dietary supplements to improve their health.

At the A.S. Watson Group, 1 billion shoppers bought health products last year and sales for the health category increased 11% year on year. The insight from the Group shows that

there are more and more people are investing in their health and well-being with vitamins and supplements booming globally at a 12% growth year on year.

In the Philippines, Watson's health business is growing at 18% year-to-date, with vitamins experiencing a phenomenal 132% growth versus last year. Clearly, more Filipinos take a proactive approach in ensuring they stay healthy and protected especially in this time of global health crisis. With this, Watsons expanded its product range for vitamins and health essential related products to further meet the people's needs

Let's all stay healthy and happy. Watsons Call & Deliver ensures safe and convenient access to medicines and personal care essentials. DTI 4-A launches KMME-MME Program in Laguna, Batangas, and Rizal

After the successful launching in the provinces of Cavite and Quezon, the Department of Trade and Industry Region 4-A, in partnership with the Philippine Center for Entrepreneurship-Go Negosyo, kicked off its KAPATID Mentor ME (KMME) - Money and Market Encounter (MME) Program on August 20, 2020 via Zoom with 47 mentees in the provinces of Laguna, Batangas, and Rizal.

To survive and thrive amid the COVID-19 pandemic, a blended KMME-MME program for the New Normal is developed as a practical delivery mechanism for the same mentorship modules for the micro, small, and medium enterprises. The program addresses the urgent need for the continued access of mentees to Money,

Market, and Mentorship (3Ms). This will be achieved through the presentation of the Business Improvement Plan (BIP) to an expanded panel of evaluators composed of representatives from banks, online market platforms, and other business support organizations.

During her Welcome Remarks, DTI CALABARZON Assistant Director Marissa Argente mentioned that the program will have business experts, who also have their own businesses, to provide practical teachings for the mentees, at the same time, for the mentees to enjoy the whole learning experience.

DTI-Regional Operations Group Assistant Secretary Asteria Caberte, on the other hand,

thanked the mentees for rising up and going beyond the challenge of joining the program despite the drastic onslaught of the COVID-19 pandemic.

The KMME-MME program is composed of twelve (12) mentorship modules such as Entrepreneurial Mind-setting, Marketing, Product Development, Marketing Expansion and Internationalization, Business Model Canvass, Operations Management, Business Laws, Taxation, Financial Management, Human Resource/Organization Management, Supply and Value Chain, Business Improvement Plan, and Culmination and Product Exposition.

"We hope that our mentees will be able to finish this program because they can learn a lot of things about business and be able to expand their business without paying anything. The support structure is available for them to access," said PCE Senior Adviser for MSME Development Engr. Merly Cruz.

According to DTI CALABARZON Director Marilou Q. Toledo, KMME-MME Program aims to help the MSMEs

to adapt their business strategies in responding to the challenges of the New Normal business environment.

"Despite the diffi-

cult situation that we are currently experiencing right now caused by COVID-19, DTI still continues to help our existing and aspiring entre-

preneurs by providing a platform to learn and enhance their business skills and resiliency through a crisis," added Toledo. (MIA CORTEZ)

"While the ABS mandate was to give us information and entertainment as well as exercising their franchise responsibly, they were at fault in their own way. In comparison, the mandate of PhilHealth is to provide a healthcare insurance system covering the needs of 110 million Filipinos." ayon din sa kaniya.

FILAM ACTIVIST IS AN NPA TERRORIST

Lucena City - The Southern Luzon Command of the AFP seeks for a probe into the mysterious death of a FilAm, which the leftists claim as an activist, who died in the hinterlands of Mindoro.

Contrary to news reports, Amado Canham Rodriguez Alias Allen is a terrorist NPA who has been involved with the NPAs in Mauban, Quezon as member of the Main Regional Guerilla Unit (MRGU)

of Southern Tagalog Regional Party Committee (STRPC).

Solcom Commander Maj Gen Antonio Parlade said Allen is not an activist but an NPA terrorist and was part of the NPAs who were deployed to Mindoro to set up their new Regional Headquarters.

Parlade said, "the presence of many of these NPAs coming from Calabarzon who are possible carriers of COVID19 is endangering our IPs in Mindoro. We

don't know how many more have died in the mountains or in remote clinics due to covid19 which may have been mishandled by health workers allied to the CPP NPA NDF."

For this Parlade seeks an investigation on the participation

of a United Church of Christ in the Philippines (UCCP) pastor in surreptitiously bringing Allen to a District Hospital in San Jose Occidental Mindoro. Later his body disappeared from the hospital, despite reports that the patient died of COVID19. Roselle Aquino
