Balik Eskwela in CALABARZON 2022, generally peaceful

Camp B Gen Vicente P. Lim, Calamba City – ‘I have instructed my men on the ground to attend the Monday Flag Raising Ceremony at the schools within their area of jurisdictions, so as my staff to conduct red teaming operations to see to it that Balik Eskwela in CALABARZON will be generally peaceful and the minimum health standards will be observed as well,’ Regional Director of Police Regional Office CALABARZON, Brig Gen Jose Melencio C. Nartatez, Jr. said.

Department of Education have marked August 22, 2022 as the start of face-to-face classes in all levels wherein the leadership of the Philippine National Police tasked all units to provide security and other public safety coverage in different schools to ensure the successful and orderly conduct of Balik Eskwela, after more than two years of pandemic that keep the students away from learning institutions.

Prior to the opening of classes, Nartatez have already instructed Chiefs of Police in Region 4A to coordinate with local officials and participate in security and safety planning for the anticipat-

ed event. He said that he expects his police to volunteer themselves to assist the school administrations and to seek help from other government agencies, local government units as well as Sangguniang Barangays to help in traffic management and minimum health standards implementation.

Police Public Assistance Desks were already in place near the schools aside from those who regularly patrols the street and visits transport hubs and places of convergence were the public can easily seek police assistance. A total of 6,542 police personnel with 4,066 force multipliers were deployed regionwide to provide security to the students, parents and teachers.

In fact, 586 schools were assisted and visited by our cops on the early morning of the first day of classes. Police in schools raised the National Flag and lead the pledge of Panunumpa ng Katapatan sa watawat ng Pilipinas. They also distributed leaflets on crime prevention and safety tips on how to be safe as one travels or moves from home to school. These acts are in line with PRO 4A's objective of raising the spirit of nationalism among the pupils and students

and enhancing police visibility in schools to preempt scrupulous individuals from victimizing the children.

More than a month ago, different police units in the region have joined Brigada Eskwela to make sure that schools will be ready and safe for the students return to face-to-face classes. Based on report submitted by lower units, PRO 4A have recorded 1,124 Brigada Eskwela activities joined by the 5,684 law enforcers and a total of Php389,300.00 worth of monetary and non-monetary assistance extended to schools.

School principals in the region in their messages to the students during the first day of classes have expressed their heartfelt appreciation to the personnel of the Police Regional Office CALABARZON who have joined them from Brigada Eskwela until the opening of classes today. Nartatez in return assured that CALABARZON police will actively participate in school activities and programs and will always be visible in school vicinities to ensure the safety of students, teachers and even parents.

‘Our children’s growth and social development are vital,

hence we the police must participate in this endeavor. Let us always keep in mind that this young generation will be our country’s future. It is our priority to keep our schools safe and secured for our students and pupils to maximize their learning ability and eliminate trauma that criminals may cause them, if left unattended,’ Nartatez added. **(ROSELLE AQUINO)**

is what this administration would like to establish - to have unity in action, employ 'bayanihan' (communal effort). A lesson which we learned well, especially as last Saturday was an eye opener to the extent of the need of the Filipinos for aid amid the pandemic and inflation,” Tulfo said.

“Your government heard it loud and clear. And I assure you that the Marcos administration will take care of this problem. Rest assured that our actions mean to serve well and DSWD will continue to exhaust all efforts to fulfill its mandate in line with our core value of service wherein every Filipino is significant. Bawat buhay mahalaga sa DSWD (Every life is important to DSWD),” the Secretary added.

Through the agreement, the DILG pledged to assist the DSWD and local government units (LGUs) in providing on-the-ground human resource support to the payout sites, security, health workers, and other support manpower, to facilitate a smooth distribution of educational assistance.

The DILG will also provide security assistance, through the Philippine National Police (PNP), at the payout sites to help ensure the safety of the students, their parents, guardians, and other beneficiaries.

dy strikes, and in any incident their help would be needed.

DILG Secretary Benhur C. Abalos, Jr. commended the BJMP for its achievements, particularly in drastically trimming down jail congestion by 387 percent from the previous rate of 612 percent four years ago.

"While this is already a commendable feat, we acknowledge that is very well far from ideal, and we know that we can still do more to improve our jail service and give our PDLs better

living condition," Abalos said.

"The Marcos administration will turn a blind eye on the cries of PDLs, by tackling (jail) overcrowding, and by reaching out and building new jails around the country," Abalos said.

Abalos also commended Iral and his team for the job well done in PDL safekeeping and welfare development, as well as the expansion of jail facilities and services by initiating timely and relevant projects and program. (**BENJIE MURILLO**)

BJMP celebrates 31st Anniversary

Marks milestones in 3-decades of public service

The Bureau of Jail Management and Penology marked another milestone as it celebrates 31st Founding Anniversary at Ciudad Christia Resort in San Mateo, Rizal on August 22, 2022.

Jail Chief Director Allan S. Iral in his opening address cited the gains of the agency that transformed the lives of persons deprived of liberty, as well as enhanced personnel wellbeing.

On April 8, 2022, the Bureau successfully launched a comprehensive transformation strategy dubbed as J.A.I.L. PLAN 2040 to become a world-class agency highly capable in providing humane safekeeping and developmental opportunities for persons deprived of liberty (PDL).

Operating under a designed roadmap, four key perspectives in attaining the Bureau's noble harvest in three decades were achieved through the help and support of stakeholders.

Under the agency's resource management, nine jail infrastructure projects were completed in the first quarter of this year from the P39.458 million budget, comprising of perimeter fences since all programmed jail building projects had already completed last year.

To further upgrade

its logistical requirements, a procurement program approved and funded under the General Appropriations Act is currently being implemented. Through the very prudent budget spending, the expected firearms requirement of the agency is now being attained apart from the additional transport vehicles.

In fact, the Commission on Audit's unqualified opinion on BJMP financial statement for four years in a row, since 2018, showed how wisely and prudently the Bureau's budget are being disbursed.

In learning and growth or human capital key standpoint, the agency has developed a highly competent, motivated and disciplined personnel, equitably distributed to various jail services nationwide. To date, the Bureau has a total of 20,742-strong and noble personnel performing various duty details.

The BJMP still need at least the same personnel strength to efficiently guard the gates and escort PDLs on trial hearings and hospitalization, but nevertheless the existing manpower commitment, diligence and sacrifice covers the lacking requirement.

In reciprocation to its personnel dedication to duty, around 4,748

personnel were promoted to the next higher ranks, while 98,929 medals, award and recognition were granted to jail officers for their exemplary performance to duty.

"As it is imperative for personnel to be disciplined and law-abiding, one of the markers of the BJMP management to ensure a drug-free workplace covering both the personnel and PDL. Random and mandatory drug testing is being implemented in collaboration with the PNP, PDEA and other law enforcement agencies concerned to hit the target 100 percent drug-free or cleared jail facilities," Iral said.

The no-nonsense internal cleansing campaign resulted in the dismissal of five personnel and suspension of 63 others who violated the strict policy and regulations, particularly in illegal drug use.

In exhibiting system process excellence, the BJMP remains ISO 9001:2015 certified for continuous service excellence and policy formulation, communication planning and monitoring categories that include recruitment and placement of Jail Officer-1.

In its pursuit to conform with the international standard for treatment of prisoners, a quality and excellent service is being monitored for strict implementation by jail personnel working for the safety, protection and welfare of hundreds of thousands of PDL.

The Bureau also established the National Safety and Health Com-

mittee to also ensure personnel safety from work hazards such as injury, sickness and death. As a result, 96 percent of jails and offices obtained Safety Seal Certification from the Department of the Interior and Local Government (DILG).

The humane safekeeping of PDL centered in responsive and holistic welfare and development programs had also significantly reduced escape incidents and jail disturbances. Spiritual and emotional, mental, physical and social well-being of PDL is among the BJMP's top welfare and development agenda.

The intensified "Oplan Greyhound" with around 124,850 operations, so far resulted in the confiscation of various contrabands that include shabu, cigarettes, mobile phones, deadly weapons and cash, among others.

A Single Carpeta System was also conceived to finally unify the PDL records of the BJMP and the Bureau of Corrections, the digitalization of commitment order, information sheet and medical certificate records which has begun since the first quarter of this year.

The earnest monitoring of overstaying PDL in jail facilities through the para-legal support service, as to

date, had released some 177,475 total PDLs.

Serving as a beacon of hope, the Jail Bureau was able to help a total of 16,091 PDL beneficiaries of the alternative learning system (ALS) in collaboration with the Department of Education, earning them their elementary and high school diplomas.

The BJMP tertiary education program termed as "College Behind Bars" which started in August 2017 in Davao City Jail had already produced five college graduates, with 57 others presently enrolled in the program.

As staunch ally of the national government in its campaign against hunger and poverty, the Jail Bureau in partnership with the Department of Agrarian Reform is directly buying farmers' harvest in rural areas in the country.

In the height of COVID-19 pandemic, the jail personnel had proven their resiliency and success through the institutionalization of early detection, contact tracing and management of infection that resulted in few cases of personnel and PDL infection.

As of August 19,

2022, about 93.19 percent of the total jail population and 99.77 percent of personnel had already received the full dose of Covid-19 jabs, while those boosted has reached an 80.58 percent mark.

The BJMP has also come out with bureau-wide measures against the new viral Monkeypox disease.

In extending continuous assistance to released PDL's transition back into society, the BJMP fostered ties with various agencies, organizations, individuals and other stakeholders, including the Leagues of Provinces, Cities and Municipalities for a Unified After Care Referral and Monitoring System and Program.

True to its mission statement of "Changing Lives and Building a Better Nation," the BJMP has conducted 2,309 public information campaigns to build people's confidence in the government, in support to end local communist armed conflict in the country.

The entire BJMP force is ready 24/7 to dispatch highly-trained and skilled manpower when calamity or trage-
