PNP ELECTION CHECKPOINTS SA CALABARZON, ACTIVATED NA

P.7

Para naman sa mga mag-aaral ng Calamba City College ay namahagi na ang pamahalaang lokal ng internet allowance sa pangunguna ni Coun. Joey Chipeco upang makatulong sa gastusin sa kanilang pag-aaral lalo na sa panahong ito ng pandemya. Ayon sa fb post ni Coun. Chipeco, "Hindi po biro ang ipagpatuloy ang pag-aaral sa panahong ito lalo na't lumalaki ang gastusin ng pamilya, Naririto lamang po kami upang suportahan ang inyong pangarap na makatapos ng pag-aaral para na rin sa ikagaganda ng inyong kinabukasan." (MARRA VILLEGAS)

Bagaman lalawigan ng Cavite ang mayroong pinakamataas ang mga kaso ng #COVID19 sa buong Region IV-A, binigyang diin ni Governor Jonvic Remulla nitong Lunes, Enero 10, na hindi siya sang-ayon sa ideya na muling pagpapatupad ng lockdown.

"Kakaiba talaga si Pareng Omeng. Kahapon ay nagkaroon ng 1,188 positive cases sa buong Cavite. Tinatayang tataas pa lalo ito sa mga susunod na linggo," ani Remulla.

"Ang Etivac ang pinakamataas ang mga kaso sa buong Region 4-A," dagdag pa niya.

Nilinaw naman ng gobernador na hindi siya pabor sa muling pagsasailalim sa lockdown ng Cavite.

"I WILL VEHEMENTLY OPPOSE ANY LOCKDOWN. Our policies must be based on reality and humanity (economic and welfare). The effects of a never-ending lockdown outweigh the benefits. Naniniwala akong malalagpasan natin ang lahat ng pagsubok na ito. We must take the effort to be responsible, knowledgeable and disciplined to mitigate the spread of the virus," aniya.

"Omicron may be the most contagious variant yet given the tsunami of infections we are seeing. Better safe than sorry so let's all do our part in protecting ourselves and those around us," pagpapatuloy ni Remulla.

In a statement Tuesday, Jan. 11, 2022, the BOC said the medicines were found in two storages in Parañaque City last Jan. 5.

"Packed in cartons with tags of Chinese characters," the fake medicines were found in P7434B and 7434C Highland St., Marcelo Green Village and 27 Pearl St., Severina Sub-division, Km 18, Brgy.

A SUSTAINABLE BODY-LOVING BODY BUTTER FROM THE BODY SHOP (KCHT)

The Body Shop launched the first ever Body Butter in 1992. Created in the kitchen of no less than The Body Shop Founder Dame Anita Roddick, the very first Mango Body Butter was given its name by her daughter who, while making a piece of toast, simply said "it's like butter... for your body". The rest is history.

Today, these iconic moisturisers are loved so much that one is sold every 3 seconds across the world. And these body-loving favourites just got even better.

The new Body Butters are now registered by The Vegan Society (a gold standard for vegan certification), made with at least 95% ingredients of natural origin, love skin with 96-hour moisture and come in their most sustainable packaging yet made with 100% recycled plastic tubs.

The new and improved Body Butters are made with at least 95% natural origin ingredients, including handcrafted Community Fair Trade shea butter from Ghana, which harnesses the nourishing power of Community Fair Trade shea butter from the Tungteiya Women's Association in northern Ghana.

In true Fair Trade fashion, this helps provide financial independence for Ghanaian women. Today, over 600 women from 11 villages handcraft the shea butter using an 18-stage process of traditional techniques, passed on mother to daughter for generations.

Delivering 96 hours of intense moisture, their Body Butters leave your skin feeling soft and smooth without feeling sticky. In fact, in a The Body Shop study, over

90% users agreed the formula easily melts into skin and has a non-sticky feel and over 86% agreed the Body Butters made them feel good in their skin.

Love yourself with The Body Shop's new, most nourishing and sustainable Body Butters ever for your skin type. There is Strawberry, British Rose, Pink Grapefruit, Satsuma for normal skin; Moringa, Mango and the new Avocado for dry skin; Shea, Coconut, Argan and Olive for very dry skin. There's also Almond Milk for dry, sensitive skin.

With new fully recyclable packaging, these are The Body Shop's most sustainable Body Butters ever. They're all made with aluminium lids and 100% recycled plastic, including Community Fair Trade recycled plastic collected off the streets of Bengaluru, India, through The Body Shop's trade partnership with Plastics for Change.

The Body Shop's Community Fair Trade partnership with Plastics for Change not only helps tackle the existing plastic problem but helps support around 2,500 marginalised waste pickers in India with access to more sanitary working conditions and a fair price for the plastic waste they collect.

Let's not break the cycle. We encourage our THE BODY

The Body Shop's extra nourishing Argan Body Butter is a cult favorite. Enriched with precious argan oil, it has a warm and creamy scent with a hint of the exotic.

The Body Shop's Body Butters for very dry skin boast intensely rich textures that have been perfectly blended to help soothe and soften your skin type. These include the Coconut Body Butter with Community Fair Trade organic virgin coconut oil from Samoa and the Olive Body Butter enriched with Italian Community Fair Trade organic olive oil with Mediterranean scent.

English rose extract, handcrafted Community Fair Trade shea butter from Ghana and Community Fair Trade sesame seed oil from Nicaragua - all in this super creamy, petal-scented British Rose Body Butter for normal skin leaving your skin feeling softer, smoother and nourished with 96hr moisture giving you a natural-looking glow.

The Body Shop's new intensely creamy Body Butter comes in recyclable packaging made with an aluminium lid and 100% recycled plastic tub, including Community Fair Trade recycled plastic from India. This means you can love your planet every time you love that beautiful body.

Protect and nourish very dry skin with The Body Shop's new and improved Shea Body Butter now made with 97% ingredients of natural origin, including handcrafted Community Fair Trade shea butter from Ghana and Community Fair Trade organic babassu oil from Brazil.

Love yourself like never before with The Body Shop's new most nourishing and sustainable Body Butters made with 95% (or more!) natural-origin ingredients.

This includes the Avocado Body Butter for dry skin made with Hass avocado oil and Community Fair Trade shea butter.

About The Body Shop

The Body Shop was founded in 1976 by Dame Anita Roddick in Little Hampton, England. The beauty brand pioneered corporate activism and was built on a philosophy that business can be a force for good. With its brand expression, Beauty with Heart, the company continues to be focused on five core values: Against Animal Testing, Support Community Fair Trade, Activate Self Esteem, Defend Human Rights and Protect the Planet.

All products are created using the finest ingredients sourced from the four corners of the globe, which are not tested on animals and are 100% vegetarian. The Body Shop has been in the Philippine market for twenty-five years with over 60 strategically located stores nationwide.

LAGUNA PNP LAUNCHED COMELEC CHECKPOINTS In IMPLEMENTATION OF THE COMELEC GUN BAN, NETS ONE

Kampo General Paciano Rizal -On the launching of COMELEC Checkpoint on January 9, 2022, at Barangay J. Rizal, Santa Maria, Laguna, police officers manning the checkpoint arrested Alejandro Tampis, 51 years old, farmer in Siniloan, Laguna.

Laguna Provincial Director Col Rogarth Campo said police officers conducting the checkpoint flagged down the suspect onboard a Suzuki

motorcycle at 1:30 a.m. and asked him with his Driver's License, Official Receipt, and Certificate of Registration of his driven motorcycle.

However, when the suspect got his ID in his sling bag, police officers saw a handle of a gun which prompted the police to ask the suspect to show what is inside the bag.

He yielded 1 caliber 38 loaded with 4 live ammunition and 2 fired cartridge shells.

The suspect is now in

the custody of Sta Maria Police while charges for violation of the Omnibus Election Code of the Philippines (COMELEC Gun Ban) is being prepared to be filed against him at the Prosecutor's Office.

The COMELEC checkpoint is jointly established by the PNP, AFP, and COMELEC to strictly implement the ban on the bearing, carrying, or transporting of firearms and other deadly weapons during the election period that starts today, January 9 to June 8, 2022.

Campo said they set up 50 COMELEC checkpoints and deployment hubs in strategic locations in Laguna.

These checkpoints will also be co-established with the existing Quarantine and Border Control Points in areas while we are on Alert level 3 to ensure minimum public health standard protocols are observed.

Prior to the election period, Laguna PNP ensured to be all-set for the upcoming election period. On January 6, it has conducted simulation exercises on the conduct of the COMELEC checkpoint provincewide, established the conduct of red teaming operations to regularly validate the readiness and proper conduct of police operations in its police stations and mobile force companies, and activated its Election Monitoring Action Centers in the Provincial level down to the City and Municipal Police Stations for the timely monitoring of all election-related incidents, deployment, and

other pertinent election operational activities for the NLE 2022.

Campo emphasized that during the election period, any person not in possession of any Certificate of Authority issued by the Committee on Ban on Firearms and Security Concerns (CBFSC), even if in possession of the permits and licenses therefore is presumed to be without authority to bear, carry or transport the firearms, ammunitions, and explosives.

The PNP has suspended the validity of all Permits to Carry Firearms Outside of Residence (PTCFOR) issued to licensed firearm holders and members of government law enforcement agencies for the entire duration of the election period.

Also, the permits issued by the PNP to transport firearms, ammunitions, explosives, public firearms display and exhibits, as well as employment of security personnel for VIPs are suspended.

Only the regular members of the Philippine National Police, Armed Forces of the Philippines, and other law enforcement agencies of the government who are in complete uniform and while on official duty are the persons allowed to bear firearms for the entire duration of the election period. Licensed firearm holders secure Exemption from the COMELEC-imposed firearms prohibition may be secured from the COMELEC Committee on Ban on Firearms and Security Concerns (CBFSC).

Campo said, "Sinisigurado ko na lahat ng kapulisan sa Laguna ay makikiisa para sa ating layunin na makamit ang ligtas at patas na eleksiyon sa papalapit na halalan, kaya naman umaapela kami sa ating mga kababayan na makiisa at makipagtulungan sa ating COMELEC checkpoints at iba pang aktibidades na isasagawa patungo sa kaligtasan ng lahat sa papalapit na halalan."

P30M worth of fake Biogesic... from p. 2

Philippines.

The seizure comes amid the surge in demand for over-the-counter drugs like paracetamol, as the Philippines struggles to contain a fourth wave of Covid-19 cases believed to be fueled by the highly transmissible Omicron variant.

Paracetamol is used to treat fever and mild to moderate pain from headaches and

colds, which are common symptoms of both Covid-19 and the flu.

On Tuesday, Jan. 11, the National Government set a purchase cap for paracetamol and other flu medicines following reported stock-out issues as the Covid-19 surge coincides with the peak of the flu season.

On the same day, the country topped three million Covid-19 cases after it reported 28,007

new infections, the third highest single-daily tally since the pandemic began in 2020.

Less than two months ago, on Nov. 24, the BOC seized a bigger stash of fake medicines from a warehouse in Pasig City.

The fake medicines, worth an estimated P50 million, included Alaxan, Tuseran Forte, Propan and Diatabs, the BOC said. (yahoonews)

PNP election checkpoints sa Calabarzon, activated na

Kasado na ang mga checkpoints na itinalaga ng Philippine National Police (PNP) sa iba't ibang bahagi ng Calabarzon para matiyak ang kaayusan at seguridad kaugnay ng nalalapit na 2022 national and local elections.

Nitong Linggo ng hatinggabi, ika-9 ng Enero ay pinangunahan ni Police Brigadier General Eliseo DC Cruz, regional director ng Police Regional Office Calabarzon, kasama si Atty. Maria Juana Veleza, regional director ng Commission on Elections Region 4-A ang pormal na paglulunsad ng election check-

point sa Brgy. San Isidro sa bayan ng Cainta sa Rizal.

Sabayan ding inilunsad sa iba pang lugar sa rehiyon ang mga checkpoint na babantayan ng mga unipormadong miyembro ng kapulisan, ayon sa PRO Calabarzon.

Kabilang din sa mga dumalo sa isinagawang paglulunsad sina Philippine Army Second Infantry Division Commander Major General Rowen Tolentino at si Rizal Police Provincial Director Police Colonel Dominic Bacay.

Layon ng checkpoints na masabat ang mga indibidwal na may dalang baril, mga gamit pampasabog, at iba pang

armas, alinsunod sa umiiral na election gun ban.

Dagdag ng PRO Calabarzon, layunin din nito na matiyak ang seguridad ng publiko at mga kandidato para sa darating na halalan sa Mayo.

Humiling naman ng kooperasyon ang PRO Calabarzon sa publiko at hinikayat ang mga ito na sundin ang mga ipinapatupad na alituntunin para sa mapayapang pagdaraos ng 2022 national at local elections.

Regular na isasagawa ang checkpoints hanggang sa huling araw ng election period sa ika-8 ng Hunyo 2022, ayon sa PRO Calabarzon. — **PIA LAGUNA**
