# TRB Inspects Gov. Remulla, Sen. Mercado... Soon to Open CAVITEX C5 Link Flyover Extension

from p. 1

**B**inan City - Toll Regulatory Board (TRB) Executive Director Atty Alvin Carullo together with the TRB technical team, the grantor of the Manila-Cavite Toll Expressway Project (MCTEP), inspected the ongoing construction of the CAVITEX C5 Link Flyover extension (Segment 3A2: Merville to E. Rodriguez Ave.) of Cavite Infrastructure Corporation (CIC) and its joint venture partner, Philippine Reclamation Authority (PRA).

Early this week, the TRB's inspection team together with CIC representatives checked on the progress of the 1.6km flyover extension

that will soon connect to the operational 2.2km Cavite C5 Link flyover, providing convenient access for motorists bound to SLEX/C5 from Merville and vice versa. As of today, the segment has reached more than 95% completion.

Also discussed during the inspection is the traffic management plan for the area once the extension opens. This entails transferring of the Merville entry and exit ramp to in front of Shell C5 Southlink for better traffic flow. Traffic signalization and signages will be installed in coordination with the local authorities to help manage traffic for motorists bound to the ex-

In his speech, Remulla stated that Cavite is one of those with the least mineral resources. But the province's strength is in its human

capital, which must be protected. He added that he is thankful for having C-Help in the province. C-Help is hosted by Soriano Law Office at

## Undetectable Equals Untransmittable: PHO commemorates the Philippine International AIDS Candlelight Memorial 2022

**I**n partnership with HIV & AIDS Support House (HASH) and SAIL Clinics, Cavite Provincial Health Office joined in the annual celebration of Philippine International AIDS Candlelight Memorial with the theme "Keeping the light, honoring our rights, radiating pride" on May 27, 2022 at the Cavite Collaboration Center for Public Health Building in Trece Martires City, Cavite which was attended by 52 participants.

The short program started with an opening message from Dr. Nelson Soriano saying that people should stop HIV together through HIV testing and prevention and educate others about it to make a positive change. Afterwards, Mr. Earl Patrick Penabella, SAIL Clinic Operations Manager, imparted that in keeping the light on HIV and AIDS, the need to talk about the virus should be maintained. He added that there should be human rights-based approach to create an enabling environment that will be helpful and essential in ending HIV threat. Lastly, in radiating pride, a healthy equity and social justice should be achieved to end the disease.

The risk and cases of HIV and AIDS are continuously increasing and the stigma and discrimination to the infected ones are continuously circulating. Human Immunodeficiency Virus is an infection that has no cure and can lead to the condition of AIDS or acquired immunodeficiency syndrome. Acquiring this can be a threat to one's life hence spreading awareness about the virus can save lives.

As HIV affects proportion of LGBTQIA community, stigma and discrimination are developing and growing which leads to

the vulnerability of the group. This is one of the reasons why most of the infected individuals, not just from LGBTQIA community, are having a hard time seeking help and accessing services for HIV and AIDS. Mr. Penabella mentioned "undetectable equals untransmittable" which means that if a person living with HIV is on a regular treatment and therapy and has reached the undetectable levels, HIV cannot be transmitted to their partners. Therefore, every HIV patient should be encouraged and supported in getting HIV treatments, care, and services.

This year's theme is not only about remembering the people who have lost their battle against HIV and AIDS but also honoring those who committed their lives to help the people affected by the disease and giving awareness to the public about it to create an intricate response and have a non-discriminatory environment.

Dr. Ana Maureen Villamar, HIV/AIDS Core Team (HACT) Physician said, "Aside from commemorating our loved ones, friend or someone who are

acquainted to us who died because of HIV and AIDS, the ones who are survivors should also keep the light and guide other Filipinos that they would be able to survive

AIDS and HIV as well. We should honor our rights because it is our right to live healthy and always radiate with pride, that we are always proud of ourselves, we keep our

values and practice our responsibility as citizens and HIV advocates and enlighten everybody with the disease".

Mr. Terrenze Angam, Case Manager

of SAIL Clinic, pointed out the preventions and treatments for HIV and AIDS including abstinence or no sexual intercourse, being faithful to your partner, using condoms, drug avoidance, having enough knowledge about the disease, and the pre-exposure prophylaxis. Subsequently, a testimony of a HIV survivor and advocate was shared.

Thereafter, Mr. Gerry Obibe and Ms. Tracy Suarez led the prayer for candle lighting ceremony with a red ribbon that symbolizes the battle against HIV and AIDS.

In closing, HIV Program Coordinator Haydelisa Maderaso expressed gratitude to the attendees and mentioned the upcoming World AIDS day to be held on December 2022. **(PICAD)**

Declaration of independence.

Mayor Maliksi shared the call for a deeper recognition of the Battle of Alapan as one of the most important stages of our history. With the victory of this battle, our National Flag was waved for the first time, which we celebrate to this day on National Flag Day.

If granted, the recognition could be one of the highest forms of respect to the National Flag, where Filipinos can learn more about its deep history and origin. While the country continues the yearly celebration of National Flag Day on the anniversary of the Battle of Alapan

“Naniniwala ako na sa pagkilla sa araw at lugar kung ito iwinagayway sa kauna-unahang pagkakataon, ay mas naipakita natin ang pagmamahal at paggalang sa ating pambansang watawat,” said Mayor Maliksi.

Imus City is also home to the annual Wagayway Festival, a Flag-themed month-long celebration of the city’s cultural and historical identity.

This historic event

marks the two-week countdown to the celebration of the 124th anniversary of the Proclamation of the Philippine

“We are pleased to see the progress of the CAVITEX C5 Link. We look forward to it serving an estimated 15,000 motorists, helping lessen their travel time from SLEX to Pasay, Taguig and Paranaque, thereby helping decongest some of our local roads” said TRB Executive Director Atty. Alvin A. Carullo.

Meanwhile, construction for its other segment, Segment 2 (CAVITEX R1 Expressway to Sucat Interchange) also continues in full swing, now reaching more than 30% completion. Once this segment connects CAVITEX to its Sucat Interchange, motorist travel time between the two areas will be reduced by as much as thirty minutes, bypassing traffic from Sucat Road and Quirino Avenue.

“With CAVITEX C5 Link flyover extension opening soon, we urge our motorists to have an Easytrip RFID installed and use it when traveling through our expressways, such as CAVITEX and CAVITEX C5 Link for seamless travel, and avoiding long queues at the cash lanes”, appealed CIC President and General Manager, Mr. Raul L. Ignacio To further encourage motorists to avail of its RFID services, free RFID installation and reloading services are made available at CAVITEX C5 Link Customer Service Center.

Other installations and reloading sites outside of the expressways are also made available for motorists Once the entire CAVITEX C5 Link project is completed in 2023, the 7.7km expressway will benefit more than 50,000 mo-

torists. It will reduce travel time from CAVITEX to Makati, Taguig, and Pasay in under forty-five minutes while helping decongest EDSA, MIA Road., Roxas Boulevard and other major thoroughfares.
