P250K HALAGA NG NAKUMPISKANG MGA PAPUTOK, WINASAK

NASA mahigit sa P260K halaga ng umano'y illegal na paputok na nakumpiska sa magkakahiwalay na operasyon ang winasak ng Cavite PNP sa loob ng PNP Headquarters, Camp Gen. Pantaleon , Garcia Imus City, Cavite.

Pinangunahan ni PCol. Christopher F. Olazo, Cavite Provincial Director, Provincial Office (PPO) ang pag wasak sa mga nakumpiskanf mga paputok kasama ang kanyang Command Staff at miyembro ng Bureau of Fire Protection (BFP) sa isang Simultaneous Ceremonial Disposal of Firecrackers.

Inilagay sa drum ang mga nakumpiskang paputok at saka binuhusan ng tubig habang ang iba ay ginulugan ng fire truck upang masiguro na hindi na ito magagamit.

Kabilang sa mga sinira ang malalakas na mga paputok kagaya ng sinturon ni hudas ,Piccolo, Pop Pop, Five Star, Pla-pla,Lolo Thunder, Giant Bawang, Giant Whistle Bomb Atomic Bomb (Super Lolo), Atomic Triangle (Goodbye Bading), Large Size Judas Belt (Goodbye Philippines), Goodbye De Lima (Bin Laden), Hello Columbia (Mother Rockets), Goodbye Napoles (Coke-in-can), Super Yolanda (Pillbox), Mother Rockets (Boga), Kwiton (Kabasi) at iba pang mga illegal na paputok na nakasaad sa RA 7138.

Ang nasabing mga paputok at pyrotechnic materials ay nanggaling sa mga kinumpiska na ibinebenta at itinuturing na illegal dahil wala itong kaukulang permit mula sa magkakahiwalay na operasyon ng pulusya laban kontra ilegal firecrackers iba't-ibang Lungsod at bayan ng Cavite.

Nabatid na naghabol ang ilang mga vendor na magbenta ng paputok bago ang pagsapit ng Bagong Taon sa kabila ng mga illegal ang kanilang paninda na nagresulta sa pagkumpiska ng mga ito.

Dagdag pa ni Olazo sa taon taon ng pagsasagawa ng operasyon laban sa ilegal na paputok, malaking bilang ang nabawas at kumpiska nilang mga papuyok sa ngayon kumpara sa mga nagdaang taon, malaking bagay aniya ang maagang pagbibigay ng abiso sa mga mamayan na maaring maidulot at mapinsala sa paggamit ng ilegal na paputok.

Sa kabuuang ay "generally peaceful" at wala namang naiulat na malalang nasugatan sa pagsalubong ng Bagong Taon. **MARGIE BAUTISTA**

PANGASINAN TOPS FIREWORKS RELATED INJURIES IN 2022

The Department of Health (DOH) - Ilocos Region today reported a total of 60 fireworks-related injury cases (FWRI) from December 1, 2022 to January 1, 2023.

The figure is 81.82% higher than the number of cases during the same period last year with 33 recorded cases.

Pangasinan tops the list of FWRIs with 45 cases, La Union has 9, Ilocos Sur with 5 and Ilocos Norte with 1 case.

According to the Regional Epidemiology and Surveillance Unit (RESU) and Heath Emergency Management Service (HEMS) FWRI Report, the types of injuries were caused by blast/burn (without amputation - 45.75%, with amputation – 2.3%), eye injury (12.20%) and one stray bullet (1.2%).

There were 49 males and 11 females involved. Age ranged from 3 to 75 old. A total of 33 cases were actively involved while 27 cases were passive.

Boga and skyrocket (kwitis) are the two major causes of injuries.

Regional Director Paula Paz M. Sydiongco stated that all health emergency personnel and public health facilities have provided emergency treatment to all injured individuals during the yuletide holidays.

"Nagpapasalamat po ako sa lahat ng mga local government units natin kasama na ang ating mga kapulisan sa kanilang maigting na pagbabantay noong bagong taon. Bagama't tumaas po ang kaso natin ng FWRI, ay magpapatuloy pa rin po ang pagsasagawa ng public awareness campaigns sa mga ipinagbabawal na paputok."

Sydiongco also proposed a stricter regulation on the sale of pepato kwitis and the manufacture of bogas. "As these two accounts for most of the injuries in the region., law enforcement should be directed towards preventing importing, distributing and using these fireworks."

Meanwhile, the regional office has awarded cash prizes to winners of the search for the "Pinaka-Bonggang Merry-Making Alternative Sa Paputok" which was launched on December 19, 2022 in Lingayen, Pangasinan.

The most creative entry was awarded to the Pangasinan Public Employment Service Office 2 with ₱10,000 cash prize followed by Shallom Gideom Balolong who comes in second with ₱8,000 and third place winner, PHO Planning and Training Unit with ₱6,000. A total of ten entries were submitted and non-winners were also given ₱2,000 consolation prizes. **(GLEN RAMOS)**

DPWH TARGETS CENTRAL LUZON EXPRESSWAY 25-KM OPERATIONAL BY 1ST HALF OF 2023

The expressway project in Central Luzon at the connection of Subic-Clark-Tarlac Expressway (SCTEX)/ Tarlac-Pangasinan-La Union Expressway (TPLEX) in Tarlac City, Tarlac is targetted by the Department of Public Works and Highways (DPWH) to be operational up to San Juan, Aliaga, Nueva Ecija toward the first half of 2023.

In his report to DPWH Secretary Manuel M. Bonoan, Senior Undersecretary Emil K. Sadain said that the DPWH Unified Project Management Office - Roads Management Cluster 1 (DPWH-UPMO RMC1) is currently working on the completion of additional seven (7) kilometer segment from Guimba-Aliaga Road intersection to San Juan Interchange that will extend to 25 kilometers the already accessible 18-kilometer section of the Central Luzon Link Expressway (CLLEX). The DPWH UPMO RMC 1 team with the contractors and consultants have worked hard to overcome challenges along the way, such as bad weather, right of way issues, difficulty in the transport of construction materials, and Covid-19 impact that caused some delays, added Senior Undersecretary Sadain.

Other than the four (4)-lane two (2)-way expressway with design speed of 100 kilometers per hour, DPWH is also undertaking the construction of three (3) interchanges namely Zaragoza, Aliaga and San Juan that will allow motorists from the secondary and provincial roads to access CLLEX. When fully completed, this 30-kilometer CLLEX Project will facilitate fast, safe, comfortable and reliable means of transport in Central Luzon as it form an important east-west link for the expressway network of Region 3 to ensure a continuous seamless traffic flow for the motoring public from Metro Manila and vice versa passing thru NLEX, SCTEX/TPLEX.

This project is part of the government's vision of easing traffic congestion and will shorten the usual travel time of 70 minutes between Tarlac City and Cabanatuan City to just 20 minutes.

The project is one of the key infrastructures with funding assistance from the Government of Japan thru Japan International Cooperation Agency (JICA) and is included in the Luzon Spine Expressway Network projects aimed at reducing travel time from the northernmost part of Luzon, Ilocos, to the southern most part, Bicol, by over 50 percent via the construction of high standard highway network.

In his inspection on December 19, 2022 together with Project Director Benjamin A. Bautista, Senior Undersecretary Sadain has instructed the DPWH UPMO RMC 1 project supervision team of Project Engineers Manuel R. Monfort, Juancho Hernandez, and Albert Manuel and the contractors to put more resources in the project and accelerate their work.

The DPWH-UPMO together with Nueva Ecjia First and Second District Engineering Offices are also continuously working on the processing of right of way claims.

Delayed reimbursement or payment of affected property is due to difficulty of right of way claimants to comply with all the documentary requirements or problems on submitted papers establishing proof of ownership and others, most common of which are cancellations of encumbrance/s on the land titles and payment of corresponding estate taxes for the registered deceased landowners and the change of creditor's name. **(DPWH)**

WATER INTRUPTION SA CAVITE, NCR, TATAGAL PA NG 2 LINGGO- MAYNILAD

Tatagal pa umano ng halos dalawang linggo ang kawalan ng supply ng tubig o water service interruption sa ilang mga bahagi ng Cavite at National Capital Region (NCR), ayon sa Maynilad nitong Martes, Enero 3.

Sa kasalukuyan ay libo-libong residente ng mga nasabing lugar ang apektado ng nasabing service interruption dahil umano sa nasirang sludge removal equipment sa treatment plant ng Maynilad sa Putatan, Muntinlupa.

Batay sa Maynilad tatagal pa hanggang sa Enero 15 pa ang pagsasaayos sa planta kaya naman magpapatuloy ang kakulangan ng tubig sa 6 na bayan sa Cavite, Las Piñas, Muntinlupa at Parañaque.

Sa kasalukuyan ay nakikipag-ugnayan na umano sila sa mga lokal na pamahalaan upang madagdagan ang water tankers na umiikot sa mga apektadong bayan at lungsod.

NAIA isalba sa kahihiyan – Jinggoy

Sanhi nang naganap na krisis sa pangunahing paliparan ng bansa, ang Ninoy Aquino International Airport (NAIA), nakatakdang maghain ng resolusyon si Senador Jinggoy Ejercito Estrada para magsagawa ang Senado ng isang imbestigasyon sa aberyang nagpatigil sa flight operation na nakaapekto sa mahigit 65,000 local at international passengers mismong unang araw ng bagong taon.

"Ang insidenteng ito ay nagpapalala pa sa dati nang hindi kanais-nais na imahe ng NAIA, na makailang beses ng nabansagang pinakamasama at pinaka-stressful na paliparan sa mundo. Nakita din ang pangangailangan ng remedial legislation at agarang aksyon mula sa mga kinauukulan upang masalba pa natin ang ating airport sa pagiging pambansang kahihiyan," sabi ni Estrada.

Ang problemang teknikal at pagkawala ng kuryente na nagparalisa sa operasyon ng NAIA ay lalong nagpatibay sa pangangailangang maglagay ng mas makabago at sopistikadong mga teknolohiya, mga epektibong backup mechanism at pagkuha ng mahuhusay at maasahang mga eksperto at tauhan para maseguro ang walang patid na operasyon ng paliparan, giit ng beteranong Senador.

"Kailangan din nating maging maingat at handa laban sa mga cybersecurity attacks, sabotage, disasters at iba pang mga banta sa seguridad," dagdag pa ni Estrada.

Ang aberyang inabot ng sampung oras ay nakapagdulot ng malaking pagkalugi sa pambansang eokonomiya dahil makasira ito sa pangkalahatang imahe ng bansa bilang isang tourism destination at sentro ng pamumuhunan.

Ang remedial legislation sa pamamagitan ng Senate investigation ay kailangan para matukoy ang tunay na dahilan at pinagsimulan ng aberya, at komprehensibong malaman na din ang mga kinakailangang imprastraktura, maging ang suporta mula sa gobyerno o pribadong sektor para sa kinakailangang modernisasyon ng NAIA sa lalong madaling panahon.

Ang naganap na insidente noong Enero 1 ay isang dagok sa recovery at pagpapasigla sa industriya ng turismo na isa sa mga sektor na pinaka malubhang naapektuhan sa kasagsagan ng pandemyang COVID-19.

Umabot din sa may 3,000 overseas Filipino workers (OFWs) ang naapektuhan ng aberya na ang ilan sa kanila ay nanganganib pang mawalan ng trabaho. **(Benjie J. Murillo)**
