SSS, BIR strengthen interagency cooperation through landmark partnership

QUEZON CITY – The Social Security System (SSS) and the Bureau of Internal Revenue (BIR) on Friday formalized a landmark partnership to strengthen compliance with tax and social security laws, enhance data sharing, and improve public service delivery.

The Memorandum of Understanding (MOU), signed by SSS President and Chief Executive Officer Robert Joseph M. De Claro and BIR Commissioner Atty. Charlito Martin R. Mendoza at the BIR National Office in Quezon City, establishes a framework for stronger institutional coordination in carrying out the agencies' respective mandates.

The MOU also lays the groundwork for a Memorandum of Agreement that will govern specific collaborative initiatives, including the establishment of the Taxpayer Identification Number (TIN) as a common and reliable identifier across the BIR and the SSS to enhance data integrity, strengthen compliance monitoring, and improve ease of doing business.

PCEO De Claro said the MOU marks a significant step in aligning the mandates, expertise, and resources of the SSS and the BIR.

"We all recognize that taxes provide the resources that enable our government to deliver essential programs and services to the Filipino people. Likewise, the social security contributions are the lifeblood of SSS operations, allowing us to provide meaningful protection and financial security to millions of workers, pensioners and their families," De Claro said.

"By strengthening our collaboration between our agencies, we are creating a more coordinated and responsive government, one that makes compliance easier, improves service delivery and ultimately benefits every Filipino."

BIR Commissioner Mendoza said the MOU provides a strong foundation for sustained collaboration between the two agencies, adding that its success will ultimately be measured by "simpler processes, stronger coordination, better informed decisions and more effective public service."

"Our mandates may be different, but our work is closely connected. Government works best when institutions trust one another enough to share responsibility, information and expertise," Mendoza said. #

CARD Bank
A Microfinance-Oriented Rural Bank
Bukas, para sa lahat

Ang oras ay isa ring mahalagang sangkap sa paggagawa ng tinapay, kung saan bawat sobrang segundo ay maaaring makasira sa nilulutong tinapay. Si Lennie Piñana, isang negosyanteng panadera mula sa Brgy. Laguan, Rizal, Laguna, ay nagpatunay ng ganitong kasanayan sa paglipas ng panahon sa bawat tinapay na kanilang niluluto.

Si Lenie Piñana sa kanilang panaderya sa Rizal, Laguna, na kanilang itinayo sa loob ng ilang taong pagsisikap at pagbalanse sa bawat kondisyon ng kanilang benta.

Nagsimula siya bilang isang domestic worker sa Hong Kong noong 2006, kung saan karamihan sa kanyang oras ay nakalaan sa paglilingkod sa pamilyang kanyang pinagsiislbihan. Bahagi ng kaniyang trabaho ang paghahanda ng pagkain para sa kaniyang mga amo, at dito niya unang natutuhan ang pagbe-bake.

Bagama't sigurado at maaasahang pangkabuhayan ang trabahong ito, pangarap pa rin ng kaniyang asawa na sila'y makabalik sa kanilang bayan upang magtayo ng sariling negosyo.

Taong 2019, bago sumapit ang pandemya, napagdesisyunan nilang umuwi at manatili na lamang sa bansa. Dito rin nila napagdesisyunang simulan ang pagtatayo ng sarili nilang bakery at gamitin sa negosyo ang kanyang kasanayan sa pagbe-bake.

Gayunpaman, sa kabila ng kanyang kaalaman dito, nakita niya ring mas kailangan ng mga mamimili ang mga biskwit o matitigas na tinapay tulad ng paborita, ugoy, hakobina, at puto seko, na malayo sa mga cake at cookies na kanyang bine-bake sa ibang bansa. Upang maging posible ang pinasisimulang negosyo, kumuha siya ng limang panaderong may kasanayan na sa pagbe-bake ng mga biskwit upang maging katuwang niya sa produksyon ng mga tinapay.

Bukod dito, naging tulong din sa pagsisimula ng negosyo ni Lenie ang pinansiyal na serbisyo mula sa CARD Bank, Inc., isang microfinance-oriented rural bank. Bilang kliyente at dahil dahil sa kaniyang pag-iipon rito mula noong taong 2013, naging pamilyar na si Lenie sa mga produktong inaalok ng nasabing bangko. Kaya naman, nag-apply at naaprubahan siya sa loan na nagkakahalagang PHP 20,000, na kaniyang ginamit bilang puhunan sa kaniyang bagong negosyo.

Sa kabila nito, batid ni Lenie na isang malaking sugal ang pagpapatakbo ng negosyo. Kaya naman, nagkasundo silang mag-asawa na magpatuloy muna sa pagtatrabaho sa ibang bansa ang kaniyang mister upang mayroon pa rin silang back-up kung sakaling hindi maging matagumpay ang kanilang negosyo.

Sa paglipas ng ilang taon, lumago at tumagal ang kanilang negosyo sa kabila ng mababang demand noong panahon ng pandemya. Ngunit hindi ito naging posible nang walang pinagdaanang mga pagsubok. Aminado si Lenie na ang kaniyang mga unang taon sa negosyo ay humarap sa mga pagkalugi at problema sa suplay. Subalit tiningnan na lamang niya ang kaniyang pagpapatuloy bilang puhunan upang matiyak ang kaniyang puwesto sa merkado sa darating pa na panahon.

Upang mapanatiling nakatayo ang negosyo sa kabila ng mga suliranin, nag-iipon si Lenie sa panahong malakas at dagsa ang kanilang benta, at kumukuha naman ng loan bilang suporta sa panahong mahina ito.

Sa walong taong pagpapatakbo nito, nadagdagan na ang mga kliyente at nakakaabot na ang kanilang mga biskwit sa iba't ibang bahagi ng Laguna, probinsya ng Rizal, Quezon, at ilang bahagi ng Metro Manila. Nabalanse ni Lennie ang pag-usbong at paghina ng kaniyang negosyo sa bawat panahon, inayos at napagbuti ang kaniyang produksyon, at napagtapos sa kolehiyo ang kanilang anak sa tulong din ng ilang loans niya mula sa nasabing bangko.

Kasalukuyan pa ring nagtatrabaho sa kaniyang bakery ang limang panaderong kasama niya mula umpisa, bukod pa sa mga part-time na tauhan na kanila ring kapitbahay. Kadalasan sa mga ito ay mga nanay na nabibigyan ng pagkakataong kumita nang hindi lumalayo sa kanilang lugar. Para kay Lenie, isa rin itong paraan ng pagbibigay-oportunidad sa kanilang komunidad.

Sa kabila ng kaniyang mga narating, nananatiling mapagpakumbaba at maingat sa paghawak ng pera si Leni, isang katangian na minsan ay nalilimutan ng ibang negosyante.

Para sa kaniyang simpleng payo sa mga nais ding magnegosyo: "Hindi siya one click lang; mahabang panahon ang kakailanganin; kailangan siyang pagtiyagaan."

Ang oras ay mahalagang sangkap sa paggawa ng tinapay. Ilang segundo lamang na sobra ang kailangan upang masira ang isang magandang tinapay, ngunit ilang taong pagbubuno ang kailangan upang makapagtayo ng isang matatag na panaderya. Ang karanasan ni Lenie ay isang paalala na ang tagumpay ay nangangailangan ng mahabang panahon, katulad ng kung paano niya itinayo at pinagtibay ang kaniyang bakery sa ilang taong mahabang pasensya, kasanayan, at tuloy-tuloy na pagtiya-tiyaga.

Sa pamamagitan ng pagiging bukas sa pagbabago sa mga panahon ng kagipitan, matagumpay na nabuo ni Lenie ang isang negosyong patuloy na nagtataguyod sa kaniyang pamilya at sa kanilang komunidad.

BAGONG TANGGAPAN NG BIR...

from p. 1

agi ng patuloy na modernisasyon ng BIR at pagsunod sa direktiba ni Pangulong Ferdinand R. Marcos Jr. na gawing mas simple, mas mabilis, at mas maginhawa ang pag-access ng publiko sa mga serbisyo ng pamahalaan.

Dumalo rin sa inagurasyon si Calamba City Mayor Roseller Rizal, na nagpahayag ng pasasalamat sa BIR sa patuloy nitong suporta sa pagpapaunlad ng lungsod, partikular sa mandato nitong mangolekta ng tamang buwis na nagagamit sa pagpapatupad ng mga bagong programa at serbisyo na nakakatulong sa pag-unlad ng lungsod.

Nakiisa rin sa pagdiriwang ang mga dating Regional Director at Assistant Regional Director ng Revenue Region No. 9B – LaQueMar, gayundin ang mga opisyal ng Revenue District Office 56 Central Laguna at iba't ibang stakeholder ng BIR na naging mahalagang katuwang sa bagong nakamit na tagumpay ng ahensya.

Sa pagbubukas ng bagong tanggapan na kasabay ng selebrasyon ng ika-122 taong anibersaryo ng BIR na may temang "Mahusay na Serbisyo, Katumbas ng Buwis ng Bawat Pilipino", higit na pinapalakas ang taxpayer-centered services ng ahensya, kasabay ng patuloy na pagpapatupad ng mga reporma sa tamang pangongolekta at pamamahala ng buwis sa buong bansa.

SM Foundation Advances Preventive Healthcare in San Pablo City

Bringing healthcare closer to home. The SM Foundation Mobile Clinic delivers free medical services and essential care to residents at SM City San Pablo.

A mother and her child receive free healthcare services during the SM Foundation medical mission at SM City San Pablo.

A local physician conducts a physical examination during SM Foundation's 50th medical mission of the year.

A San Pablo resident undergoes a routine blood pressure screening during the SM Foundation medical mission. By bringing free diagnostic services directly to local communities, the initiative aims to detect silent health risks early and prevent underlying conditions from progressing unnoticed.

In partnership with local institutions, including Acebedo Optical, the medical mission delivered 150 free optical consultations to residents from 10 barangays.

SM Foundation's medical missions focus on early risk identification and long-term wellness monitoring. By returning to San Pablo City annually, the initiative establishes a sustainable framework for continuous patient care.

More than 1,500 free healthcare services were delivered to residents of San Pablo City as SM Foundation marked its 50th medical mission of the year.

The initiative expanded access to preventive healthcare for residents from 10 barangays, serving communities in San Rafael, San Roque, San Nicolas, Soledad, Santisimo Rosario, San Isidro, Atisan, San Lucas, Barangay 6-D, and Barangay 2-D.

A total of 1,521 healthcare services were provided, including 835 medical consultations, 109 dental services, 150 optical consultations, 100 ECG tests, 84 X-rays, 92 bone scans, and free laboratory tests for blood sugar, cholesterol, uric acid, and hemoglobin.

The medical mission was made possible through the collaboration of SM Foundation, SM Supermalls, the City Health Office of San Pablo, SPC Medical, the Philippine Red Cross, the Provincial Health Office, San Pablo Infinity 104 MJF Lions Club International, and Acebedo Optical.

City Health Officer of San Pablo, Dr. Mercydina Adbona Caponcon, said that the greatest value of medical missions lies in helping people detect illnesses before they become life-threatening.

"Mahalaga kahit wala pa po tayong nararamdaman at una pa lamang ang mga sintomas na ipinakita ng iyong katawan ay kailangan na po tayong magpunta kaagad [sa doctor] dahil mahalaga na wala pang komplikasyon," she explained, emphasizing that delaying check-ups can allow conditions to worsen unnoticed.

Based on her experience, hypertension and diabetes remain among the most common health concerns encountered in the city. Many patients seek consultation only after complications have already developed or after stopping their medications due to financial constraints.

She stressed that preventive healthcare remains the first and most important step in protecting one's health.

Dr. Caponpon also noted that free medical missions help connect residents to doctors, diagnostic services, medicines, and government health programs that many would otherwise struggle to access.

"Malaking tulong ang gaya po ng ginagawa ng SM Foundation sa atin pong mga kababayan dito sa San Pablo dahil nagkakaroon ng tiyansa ang lahat ng tao. Kalimitan kasi ang mga problema na sinasabi nila ay wala silang finances," she said.

Meanwhile, resident Physician of SM Foundation, Dr. Bless Bertos, explained that the program is not just providing free medicines but also focuses on identifying health risks early and guiding patients toward long-term wellness.

"Hindi lang po check-up ang ibinibigay namin sa aming medical missions. Layunin naming mabigyan ang bawat pasyente ng mas kumpletong pangangalaga, mula sa tamang diagnosis at mga kinakailangang pagsusuri hanggang sa pagbibigay ng gamot at iba pang serbisyong makatutulong sa kanilang pangmatagalang kalusugan," she shared.

As the medical mission is held annually at SM City San Pablo, healthcare providers are able to monitor patients' progress over time. Those who require continued treatment are referred to their local health centers, ensuring they receive ongoing care beyond the medical mission.
